

PASADENA, CA – MARCH 2021. Obsolescence announcement.

Kinematics is announcing End-of-Life of the **Q330 digitizer**. The Quanterra Q330 digitizer was introduced more than 18 years ago as a ultra low power high resolution digitizer. Kinematics decided to discontinue the Q330 digitizer effective March 1, 2021.

The Q330 digitizer will continue to be supported through March 1, 2024.

Kinematics recommends the [Q330S+](#) and [Q330HRS](#) data loggers instead, both integrating Q330 digitizers (24-bit) or Q330HR digitizers (26-bit) with the Packet Baler 44 recorder and network communicator in one single package.
